1 Evaluating hypermedia and learning: methods and results from the Perseus

Gary Marchionini, Gregory Crane

January 1994

ACM Transactions on Information Systems (TOIS), Volume 12 Is

Full text available: pdf(2.57 MB)

Additional Information: full citation, abstract, references, citings

The Perseus Project has developed a hypermedia corpus of materials related to include a variety of texts and images, and tools for using these materials and na three-year evaluation of Perseus use in a variety of college settings are describe particular system and the application of the technological genre to information n evaluation used a variety of me ...

Keywords: human-computer interaction, hypermedia, learning, teaching

2 Robust training programs: new techniques in applying quality assurance to

Robert H. August

December 1992

Proceedings of the 20th annual ACM SIGUCCS conference on Use

Full text available: pdf(1.13 MB)

Additional Information: full citation, references, index te

3 ELROND: a computer based instruction system for an introductory program

Gordon E. Stokes, Larry C. Christensen, Bill Hays

March 1985 Proceedings of the sixteenth SIGCSE technical symposium on Computer
1 , 1

Full text available:  pdf(508.44 KB)

Additional Information: full citation, references, citir

4 Turning liabilities into assets in a general education course

Gloria Childress Townsend

March 1998 ACM SIGCSE Bulletin , Proceedings of the twenty-ninth SIGCSE technica
education, Volume 30 Issue 1

Full text available:  pdf(653.06 KB)

Additional Information: full citation, abstract, references,

Debate concerning the content of the general education Computer Science cour
captures the interest and divides the opinion of the Computer Science communi
typical difficulties (liabilities) that instructors of a general education course enco
on these difficulties to transform them into assets.

5 Graphical visualization of the evaluation of functional programs

Ricardo Jiménez-Peris, Cristóbal Pareja-Flores, Marta Patiño-Martínez, J. Ángel Vel

June 1996 ACM SIGCSE Bulletin , Proceedings of the 1st conference on Integrating
education, Volume 28 Issue SI

Full text available:  pdf(269.37 KB)

Additional Information: full citation, references, citir

6 Felder's learning styles, Bloom's taxonomy, and the Kolb learning cycle: tyi

Richard A. Howard, Curtis A. Carver, William D. Lane

March 1996 ACM SIGCSE Bulletin , Proceedings of the twenty-seventh SIGCSE techr
education, Volume 28 Issue 1

Full text available:  pdf(514.06 KB)

Additional Information: full citation, references, citir

7 An instructional interpreter for basic

Avron Barr, Marian Beard

February 1976 Proceedings of the ACM SIGCSE-SIGCUE technical symposium on Cor
2 Issue 1 , SI

Full text available:  pdf(670.62 KB)

Additional Information: full citation, abstract, referen

The BASIC Instructional Program (BIP) was developed to investigate tutorial mo
instruction (CAI). BIP is a problem-solving laboratory that helps students while t
problems in the BASIC language. The problems are presented in an individualize
the structure of the curriculum and a model of the student's state of knowledge.
with emphasis on r ...

8 Smart kindergarten: sensor-based wireless networks for smart developer

Mani Srivastava, Richard Muntz, Miodrag Potkonjak

July 2001 Proceedings of the 7th annual international conference on Mobile comp

Full text available:  pdf(292.84 KB)

Additional Information: full citation, abstract, refere

Despite enormous progress in networking and computing technc remained restricted to conventional person-to-person and perso However, continual reduction in cost and form factor is now mal networking - even wireless networking - and computing capabili laptops but also other objects. Further, a marriage of these ever and wireless network interfaces with emer ...

9 The national SMETE digital library program (panel session)

Brandon Muramatsu, Cathryn A. Manduca, Marcia Mardis, James H. Lightbourne, F

January 2001 Proceedings of the first ACM/IEEE-CS joint conference on Digital

Full text available:  pdf(137.21 KB)

Additional Information: full citation, abstract,

“To catalyze and support continual improvements in the quality of scien c technology (SMET) education, the National Science Foundation (NSF) has establ Engineering, and Technology Education Digital Library (NSDL) program. The res environments and resources for SMET education, will ultimately meet the needs levels-K-12, undergraduate, grad ...

10 Papers: Using developmental theories to inform the design of technology fc

Peta Wyeth, Helen C. Purchase

July 2003 Proceeding of the 2003 conference on Interaction design and childre

Full text available:  pdf(1.52 MB)

Additional Information: full citation, abstract, n

Electronic Blocks are a new programming environment, designed specifically for years. As such, the design of the Electronic Block environment is firmly based on appropriate practices in early childhood education. The Electronic Blocks are phy blocks, action blocks and logic blocks. Evaluation of the Electronic Blocks with b shows that the blocks' ...
